Storm Door Tax Credit Certification

This certification statement provides the documentation needed to receive an energy tax credit for storm doors as defined by IRS Notice 2006-26. Keep a copy of this document with your tax files. In the prospect of an audit, this document in conjunction with your receipt will serve as proof to the IRS that the storm door you purchased qualified for the energy tax credit.

All storm door models listed in this document qualify for the tax credit nationwide.

Aluminum Storm Doors

- » Decorator Models: 588, 589, 590, 591, 593, 595, 596.

- » Spectrum™ Models: 291, 298.

Manufacturer's Certification Statement

Sugarcreek Industries certifies that all storm door models listed are eligible building envelop components and qualify for the Internal Revenue Code Section 25C tax credit. These models qualify in the climate regions listed above each section as identified in the 2004 supplement to the 2003 International Energy Conservation Code (IECC).

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.
